Naruhodo: Path Of Radiance(Naruhodo's Awakening) (PSN version) MEGABE [Official Description] - Naruhodo:.. Edit In the Path Of Radiance series, there's more than one game based on the Path Of Radiance series, but this one (Sword And Sworcery EP) is only a prologue. It's an extra, for those that haven't yet played, for those that have, but it does not really need to be seen. It shows off the concept artwork and the two main characters and the story of their lives. The prologue is pretty much complete and all that's left is for the games to take place. This game follows the story of Yennefer (the protagonist and main heroine of the Path Of Radiance series) through her journey of transformation from human to beast, and also the story of how she ended up in the Fire Emblem world..
